

TGR JOINT VENTURE ESTIMATING OPPORTUNITIES INVITE

DESCRIPTION: ODOT OC3 Project: New Road and Bridge Construction
CITY: Cleveland, OH
DEADLINE: Quotes due 3/24/17

HOW SHOULD I PRICE MY JOB?

THIS IS THE FIRST TIME a major construction company will host, **prior to bid**, an opportunity for any company or individual to learn the basics on how to estimate heavy highway/city road construction projects, specifically the ODOT OC3 Project of a new road and bridge construction.

STEP 1

On Thursday February 9, 2017, the TGR Design Build Team will hold a construction estimating session to help you learn the components and information required to compete for bidding for actual construction work. The session will be held at 8:30 am at El Barrio, Center for Families and Children, located at 4500 Euclid Avenue, Cleveland, Ohio. The learning will begin at 9 am and will conclude at 11 am. During the lunch hour, you will have the opportunity to meet one on one with the TGR Estimating team to discuss your individual needs. This is your opportunity to learn the language, requirements and expectations from the perspective of the general contractor. If this schedule does not work for you, just call the number below and make your appointment for your personalized estimating session.

STEP 2

If you are a veteran of the construction estimating process who is ready to submit your bid and you do not therefore need Step 1, then simply call us to schedule your one-on-one appointment at a time suitable for your schedule on Friday, Feb. 10, 2017.

If you attended our previous outreach events, you will be contacted directly to schedule a face-to-face meeting with a team estimator.

We look forward to seeing you soon and helping you be successful.

TGR aims to take the community far.
