

Sample Letter

On March 5, 2022, The Columbus NAACP sent the attached letter to your corporate office seeking information regarding your policies and procedures regarding African Americans.

Your leadership did not respond and received an F rating. As a customer of this financial institution, I strongly request that you reply to the attached letter as soon as possible.

As you know, there are other institutions where we can house our finances. It would be in your best interest to assist the NAACP in seeking the answers to the questions posed.

Thank You
