Ronda,

If you are looking for a specific policy on supplier diversity I do not believe we have one dedicated to that specific language. Bexley is no different than most organizations in the world adjusting how they approached all facets of their operations to be more inclusive.

We have worked very hard to start that process and I would think our equity and education policy calls out our expectations around all actions in the district.

I will ask Dr. Fine to forward that for me as I am traveling and not near a computer until much later today. It is available through our website should you need it before he is available.

Regards,
Alissha Mitchell

Got it, thanks! I don't see anything on supplier diversity.

Hi Ronda,

Thank you for your email. I'm sorry I'm just responding, as your email went to my former board email and had to be forwarded to my new exchange.

The board has specific policies that address the purchasing process. You can find them with the following links below.

Thank,
Alissha Mitchell

[DECA: Administration of Federal Grant Funds](#)

[DJ: Purchasing](#)

[DJC: Bidding Requirements](#)

[DJF: Purchasing Procedures](#)

[DJF-R: Purchasing Procedures](#)
